

Old type - chain drive L35, Rain and wind sensor MCU, WRS

Description	Price
1 OPERATED SECTION:	
switchboard for sensor D+V, MCU, max. 12A - together with motors: L35 basic (0,19A), D8 (0,75A), 0+ (0,2A), S2 (0,25V) and interior switch or remote controller R1	136,98€
rain sensor, type RS	136,98€
wind sensor, type WL	136,98€
2-9 OPERATED SECTIONS:	
switchboard for sensor D+V, type WRS 2, for 4 circuits, each contact max. 5A - together with motors: L35 basic (0,19A), D8 (0,75A), 0+ (0,2A), S2 (0,25V) and interior switch	247,37€
SG box with doors for WRS 2b, IP54	78,27€
extension for WRS 2, type KE-2, for 5 circuits, each contact max. 5A	133,18€
heated rain sensor, type RS 3	185,88€
combination rain sensor and wind sensor, type RS 3 - WM 1	298,43€
Drive - type L35	
chain drive L35 230V basic	181,02€
chain drive L35 230V radio - with remote signal receiver	259,29€
chain drive L35 230V 2W-NET (set of two motors and synchronising unit)	410,90€
chain drive L35 230V 2W-NET (set of two motors and synchronising unit and remote signal receiver)	513,65€
